BUSINESS INFORMATION TECHNOLOGY SPECIALIST Class of 2026

JONATHAN BUFORD

IT Security Professional

PROFILE

Enthusiastic recent graduate with hands-on experience gained through internships, tutoring, and community service. Known for clear communication, quick learning, and dependable follow-through. Ready to bring energy and fresh ideas to an entry-level role.

EXPERIENCE

Security Professional

Allied Universal Security Services · August 2024 – March 2025

Provided professional security services to protect people, property, and assets in commercial, industrial, and customer-facing environments. Maintained a strong security presence while delivering excellent customer service, preparing detailed incident reports, and assisting visitors, employees, and clients. Demonstrated strong situational awareness, conflict de-escalation skills, and the ability to remain calm and professional in high-pressure situations.

Security Officer

DK Security · February 2019 – May 2024

Unarmed Security Officer | DK Security Provided security services for commercial and client properties by monitoring premises, conducting routine patrols, controlling access points, and responding to security incidents. Maintained a safe and secure environment for employees, visitors, and assets through vigilant observation and adherence to company policies and procedures. Prepared detailed incident reports, assisted with emergency response situations, and delivered professional customer service while interacting with clients and the public. Demonstrated strong situational awareness, conflict de-escalation skills, and the ability to remain calm under pressure.

Enlisted

Marine Corps · 2009 – 2012

United States Marine Corps | Aviation Ordnance Technician (Enlisted) Performed inspection, maintenance, assembly, testing, and loading of aviation ordnance systems and munitions on military aircraft. Ensured strict compliance with safety regulations, technical manuals, and operational procedures. Conducted preventive maintenance, troubleshooting, and inventory management of weapons systems and support equipment. Collaborated with flight crews, maintenance personnel, and command leadership to support mission readiness in high-pressure environments while maintaining accountability for sensitive equipment and hazardous materials.
